

Provide First Aid – Provide CPR

Nationally accredited training course delivered by highly experienced industry specialists.

Australia wide, the completion of a First Aid course is the minimum requirement for workplace first aid compliance.

This one-day training course covers two nationally accredited units

- HLTAID001** Provide cardiopulmonary resuscitation
- HLTAID003** Provide first aid

The course provides you with the skills and knowledge required to:

- provide first aid response
- provide life support
- management of casualty(s), the incident and other First Aiders until emergency qualified help arrives.

Your **Provide First Aid** certificate is valid for three (3) years. The CPR component of the course is valid for 12 months (must be updated annually to remain current).

NOTE: By signing up to our renewals program, ETG will send you a reminder detailing the date your course is due to be updated.

Please contact us for a quotation to provide training for your employees at your company.

Topics covered in the course include:

- how to properly assess an emergency situation
- DRSABCD
- CPR techniques on adults and infants
- using an Automated External Defibrillator (AED)
- first aid procedures for bleeding, burns and fractures
- managing medical conditions such as anaphylaxis, asthma and seizures
- managing medical emergencies such as snake/spider bites, poisons and choking
- infection control procedures
- managing exposure to extreme temperatures
